### READING FOR HOME-STUDY

The first component of the Connected Warriors training is your home-study component. **The required reading is to be completed prior to your in-person practicum training.** Within this information you will find the foundation of and inspiration for the Connected Warriors teaching protocols.

Once you register for your training you will receive your digital copy of the **Connected Warriors Trauma-Conscious Yoga Training Manual**. The cost of the manual is included in your training fee.

Books, other than the manual, are not included in the training fee and are to be acquired by the participant. All are available for purchase at local booksellers, Amazon.com (please use [smile.amazon.com](https://smile.amazon.com) and select Connected Warriors for donations) and at most local libraries.

In addition, we recommend that anyone who chooses to further pursue working with this population dive deeper into the field of study. There is a significant amount of information available to help add to your knowledge. In addition to the required reading, we have also included a recommended reading list for additional information.
